

20100301 Bank for International Settlements: International banking and financial market developments (BIS Quarterly Review March 2010)

Source: Bank for International Settlements

The Bank for International Settlements (BIS) published its first quarterly review of 2010.

Topics in this issue include:

- Overview: sovereign risk jolts markets
- Highlights of international banking and financial market activity
- The architecture of global banking: from international to multinational?
- Exchange rates during financial crises
- The dependence of the financial system on central bank and government support
- The term "macroprudential": origins and evolution
